

Daniel Bennett

Curriculum Vitae

School of Psychological Sciences, Monash University, Australia
e-mail: daniel.bennett@monash.edu
website: <https://bennett-daniel.github.io>

Research interests	I use the methods of computational cognitive science to understand the complex interactions between affect/emotion and cognition. Two areas of primary interest are: (i) the ways that interactions between mood, learning, and decision making go awry in mood disorders like major depression and bipolar disorder, and (ii) the cognitive and affective processes that underlie gambling-related harm in interactive sports betting.	
Employment	<i>Lecturer</i>	2022-present
	School of Psychological Sciences, Monash University	
	<i>Research Fellow</i>	2021-2022
	Department of Psychiatry, Monash University	
	<i>Postdoctoral Research Fellow</i>	2017-2020
	Princeton Neuroscience Institute, Princeton University Advisor: Yael Niv	
Education	<i>Doctor of Philosophy (PhD) in Psychology</i>	2013-2017
	The University of Melbourne Thesis: Belief updating and information seeking in decision making under uncertainty Supervisors: Stefan Bode, Carsten Murawski, Rob Hester	
	<i>Bachelor of Science (Honours) in Psychology</i>	2011
	The University of Melbourne	
	<i>Bachelor of Science and Bachelor of Arts</i>	2007-2010
	The University of Western Australia	
Publications	<i>Preprints and under review</i>	
	1. Bennett, D.* , Radulescu, A.*, Zorowitz, S., Felso, V., & Niv, Y. (under review). Affect-congruent attention drives changes in reward expectations. Preprint hosted at <i>PsyArXiv</i> : https://psyarxiv.com/vu2cw *These authors contributed equally	
	2. Zorowitz, S., Niv, Y., & Bennett, D. (under review). Inattentive responding can induce spurious associations between task behavior and symptom measures. Preprint hosted at <i>PsyArXiv</i> : https://psyarxiv.com/rynhk/	
	<i>Peer-reviewed articles and chapters</i>	
	3. Weber, I., Zorowitz, S., Niv, Y., & Bennett, D. (2022). The effects of induced positive and negative affect on Pavlovian-instrumental interactions. In press at <i>Cognition and Emotion</i> , doi: 10.1080/02699931.2022.2109600.

**Funding
and awards**

<i>Activation Fund</i> (AUD \$20,000 + GBP £10,000) Monash-Warwick Alliance Project title: Building an online data-collection platform for in-play sports betting Role: Chief investigator	2022
<i>Turner Institute Strategic Project Grants Scheme</i> (AUD \$20,000) The Turner Institute for Brain and Mental Health, Monash University Project title: Using computational cognitive science to tackle cash-out gambling Role: Chief investigator	2022
<i>Best ECR Presentation</i> Australasian Society for Bipolar Disorder and Depression - ECR Webinar Series	2020
<i>Travel Fellowship Award</i> (USD \$2,000) Society of Biological Psychiatry	2020
<i>Graduate Fellowship</i> (USD \$40,000) American-Australian Association	2019

<i>CJ Martin Early Career Fellowship</i> (AUD \$417,192) National Health and Medical Research Council Project title: Towards a neurocomputational model of mood instability in psychiatric illness.	2019-2022
<i>Career Development Award</i> (AUD \$1,500) School of Psychological Sciences, The University of Melbourne	2016
<i>Postgraduate student presentation award</i> School of Psychological Sciences, The University of Melbourne	2015
<i>Melbourne Abroad Travelling Scholarship</i> (AUD \$1,500) The University of Melbourne	2014
<i>Australian Postgraduate Award</i> (AUD \$92,008) Postgraduate research scholarship, Australian Federal Department of Education	2013-2016
<i>Dwight Prize for Honours in Psychology</i> For coursework in Psychology at The University of Melbourne	2011
<i>Dean's Honours List in Science</i> For coursework in the Bachelor of Science at The University of Melbourne	2011
<i>Convocation, The UWA Graduates Association Prize</i> Award for undergraduate coursework	2008
<i>Commonwealth Accommodation Scholarship</i> Undergraduate scholarship, Australian Federal Department of Education	2007-2010

Presentations

Invited talks

1. "A model of mood as integrated advantage." Invited presentation at the Transcontinental Computational Psychiatry Workgroup meeting, January 2021.
2. "Affect-congruent attention biases generalized reward expectations." National keynote speaker for Faculty of Medicine, Dentistry and Health Sciences Graduate Research Conference, University of Melbourne, December 2020.
3. "Modelling mood and mood disorders with reinforcement learning." Monash Health Professorial Lecture, November 2020.
4. "A model of mood as integrated advantage." Invited presentation at the Parallel Distributed Processing meeting, Princeton University, May 2020.
5. "Modelling mood and mood disorders with reinforcement learning." Invited presentation at the Institute for Pure and Applied Mathematics, UCLA, February 2020.
6. "Individual differences in attention allocation during value construction." Invited presentation at the Parallel Distributed Processing meeting, Princeton University, February 2019 (with Angela Radulescu).
7. "Reinforcement learning and computational psychiatry." Invited tutorial at the Kavli Summer Institute in Cognitive Neuroscience, Lake Tahoe, July 2018.
8. "Assessing mood's effect on attention via compound generalisation." Invited presentation at the Chesapeake Area Memory and Learning meeting, July 2018.
9. "Affect in reinforcement learning." Invited presentation at the Parallel Distributed Processing meeting, Princeton University, April 2018.

Last updated September 2022

10. “Assessing mood’s effects on attention via compound generalisation.” Invited presentation at the Center for Computational Cognitive Neuropsychiatry, Rutgers University, May 2018 (with Angela Radulescu).
11. “A computational process model of affect dynamics.” Invited presentation at the Neuroscience and Social Decision Making seminar series, Princeton University, December 2017.
12. “Testing a neurocomputational model of mood instability.” Invited presentation at the Center for Computational Cognitive Neuropsychiatry, Rutgers University, October 2017.
13. “Information seeking in decision making under uncertainty.” Invited presentation at the Affective Brain meeting, University College London, December 2016.
14. “Belief updating and information seeking in decision making under uncertainty.” Invited presentation at the University of California (San Diego), November 2016.
15. “Belief updating and information seeking in decision making under uncertainty.” Invited presentation at Harvard University, October 2016.
16. “Belief updating and information seeking in decision making under uncertainty.” Invited presentation at the Parallel Distributed Processing meeting, Princeton Neuroscience Institute, October 2016.
17. “Impaired reversal learning in psychosis.” Invited presentation at the Princeton Neuroscience Institute, October 2016.

Conference presentations

18. **Bennett, D.**, Nakamura, J., Schroeder, A., Sundram, S., & Hill, R. (2021) A computational model of rodent behaviour in the trial-unique non-matching-to-location (TUNL) task. *Biological Psychiatry Australia, 2021*. (poster presentation)
19. **Bennett, D.**, Radulescu, A., Zorowitz, S., Felsom V., & Niv, Y. (2021) Affect-congruent attention modulates generalized reward expectations *Australasian Society for Social and Affective Neuroscience*. (oral presentation)
20. **Bennett, D.**, Erickson, M., Silverstein, S. & Niv, Y. (2020) A transdiagnostic association between extreme mood and mood-learning interaction. *Biological Psychiatry Australia*. (symposium oral presentation)

24. **Bennett, D.**, Lee, C., & Niv, Y. (2018). Mood-congruency in the relationship between affect and stimulus valuation. *Society for Affective Science: Los Angeles, USA*. (Poster presentation)
25. **Bennett, D.**, Brydevall, M., Murawski, C., & Bode, S. (2016). The feedback-related negativity encodes an information prediction error in decisions to seek information. *Society for Neuroscience: San Diego, USA*. (Poster presentation)
26. **Bennett, D.**, Sasmita, K., Murawski, C., & Bode, S. (2016). Bayes if it pays: Switches between Bayesian and heuristic learning strategies are encoded in the event-related potential. *Australasian Experimental Psychology Conference: Melbourne, Australia*. (Oral presentation)

27. **Bennett, D.**, Brydevall, M., Murawski, C. & Bode, S. (2016). The feedback-related negativity reflects an intrinsic preference for information in decision making under uncertainty. *Australasian Cognitive Neuroscience Society Conference: Auckland, New Zealand*. (Poster presentation)
28. **Bennett, D.**, Bode, S., Warren, H., & Murawski, C. (2015). Computational modelling of information seeking under uncertainty. *Australian Mathematical Psychology Conference: Newcastle, Australia*. (Oral presentation)
29. **Bennett, D.**, Murawski, C., & Bode, S. (2014) Bayesian modeling of belief updating in reinforcement learning. *Australian Mathematical Psychology Conference: Canberra, Australia*. (Oral presentation)
30. **Bennett, D.**, Murawski, C., & Bode, S. (2014). Belief updating is indexed by single-trial P3 amplitude: a neurocognitive modelling approach to EEG. *International Conference on Cognitive Neuroscience: Brisbane, Australia*. (Poster presentation)
31. **Bennett, D.**, Murawski, C., & Bode, S. (2013). Single-trial P3 amplitude indexes feedback information in reinforcement learning. *Australasian Cognitive Neuroscience Conference: Melbourne, Australia*. (Poster presentation)
32. **Bennett, D.**, Carter, O., Cropper, S., & Sundram, S. (2012). The problem of integrating sensory information in schizophrenia. *Melbourne Health Research Week: Melbourne, Australia*. (Poster presentation)

Professional service

Supervision

- 2021-2022: Honours (Psychology) supervisor for five students at Monash University
- 2019-present: Senior thesis co-supervisor for Claire Lee (Princeton University)
- 2019-present: Junior project co-supervisor for Isla Weber (Princeton Neuroscience)
- 2017-2020: PhD co-supervisor for Ariel Goh (Monash University)
- 2014-2017: Assistant supervision for 4 Honours students at The University of Melbourne (primary supervision by Olivia Carter or Stefan Bode)

Ad-hoc peer reviewer (journal articles)

Behavioural Processes; Biological Psychiatry; Cerebral Cortex; Cognition & Emotion; Cognitive, Affective, and Behavioral Neuroscience; Cognitive Psychology; Computational Brain & Behavior; Computational Psychiatry; Current Opinion in Behavioral Sciences; Decision; eLife; Frontiers in Human Neuroscience; Journal of Affective Disorders; Journal of Behavioral Decision Making; Journal of Cognitive Neuroscience; Journal of Experimental Psychology: General; Journal of Individual Differences; Journal of Neuroscience; NeuroImage; Nature Human Behaviour; PLOS Computational Biology; PLOS One; Psychiatry & Clinical Neurosciences; Psychonomic Bulletin & Review; Psychological Medicine; Psychological Review; Schizophrenia Research; Translational Psychiatry.

Ad-hoc peer reviewer (funding schemes)

American-Australian Association; German Research Foundation; Swiss National Science Foundation.

Other service

- 2018-2019: Member of seminar series organising committee, Princeton Neuroscience Institute.
- 2016: Graduate student representative for external relations committee, Melbourne School of Psychological Sciences

- 2016: Workshop co-organiser, “Multivariate Analysis of Event-Related Potentials”, University of South Australia, Adelaide
